Sustainability Statement

Quattro (UK) Ltd believes that our industry is responsible for playing a lead role in preserving the present and creating a sustainable future. This policy governs how we as a responsible company set out to achieve this. Quattro (UK) Ltd guarantees to:

- Reduce environmental impact wherever possible, using best practice methods and standards.
- Reduce, reuse and recycle wherever practicable
- Achieve and maintain high levels of sustainable working that enhances our reputation and those of our customers and stakeholders
- Ensure compliance to all regulations and statutory bodies with regards the environment and sustainability
- Co-operate within partnerships and supply chains and seek to embed “sustainable thinking” across activities throughout
- Maintain continual improvement through measurement against policy and performance, evaluation, review, training and procedural change where required
- Invest in our employees through programmes of best-practice employment, offering training opportunities, rewards, and fair contractual arrangements that mutually benefit both employer and employee
- Source recycled materials or other materials from sustainable sources
- Seek to reduce carbon emissions, water consumption and energy use across our operations and those within supply chains and partnerships
- Reduce any adverse impacts on the communities our operations affect, while simultaneously seek to source locally to aid local economies
- Engage local communities through education, project liaison, and support them through charitable work, sponsorship and other support initiatives
- Meet our clients’ requirements and expectations.
- Communicate this policy to our employees, stakeholders, and all interested parties
