

8.0 Company Quality Policy

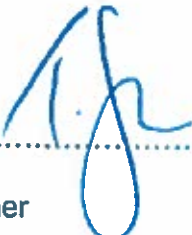

Objectives and commitment to quality

In order to produce ready mixed concrete to fully meet its customers requirements and to maintain the company's profitably, it is the policy of the management of Quattro to be committed to the maintenance of a quality system to comply with the requirements of BS EN ISO 9001: 2015, BS EN206: 2013, BS 8500-1:2015, BS8500-2: 2015, QSRMC regulations, statutory and regulatory requirements.

These objectives will be achieved with the aid of a fully documented and monitored quality system, and through a training programme for all staff, to give awareness of the quality system, and ensure that all are competent to perform their function within the system. The company will ensure the availability of resources and information necessary to support the operation of these objectives.

The quality system shall be monitored and reviewed by the Quality Manager for suitability and continuing improvement with regards to quality objectives for each activity covered in the procedures, customer satisfaction and conformity of end product, by all staff and at every stage and process. These processes shall be reviewed annually during the review meeting.

It is the Company's belief that by ensuring staff are aware of this policy and operate to the above standards then the Company will continue to meet the requirements of its customers
